April 16th Second non –refundable payment of \$ 1,200.00 is due.

May 16th Final non-refundable payment in the amount of \$995.00 is due

What: A two hour trek to school and two more hours walking home keeps the children in the mountains of Ecuador from regularly attending school. Our group will be helping Jardin del Eden to build a community center in Pujili, so students can live there during the school week and go home on weekends. We will work side by side with some of the kids from the school who will also be helping build their own community center.

Activities: During our stay we will have two days to enjoy and explore the parts of this beautiful country. Activities will include a day spent in Banos, a resort area on the side of a volcano. We will see the rain forest, waterfalls and enjoy the thrill of the spectacular scenery while taking an Arial cable car across Bridal Falls. There will also be time to shop at the market for Ecuadorian souvenirs such as sweaters, leather and wood carvings. Our other day at the end of the trip will be set aside to explore the city of Quito which is a world heritage city.

Flight Information: We will travel as a group on Delta Airlines.
