

Vestry Notes

Vestry Meeting April 18, 2017

Larry Smith, Senior Warden

Your vestry met for our regular monthly meeting on Tuesday evening April 18. Per our normal practice, we opened in prayer and silent reflection. In discussing the events of Holy Week, there was broad agreement that the various services and activities of the week reflected continued growth in energy and enthusiasm in the community. The vestry was particularly appreciative of the clergy, the staff, and all the many volunteers who made the week a success.

Treasurer Chas McKhann provided the monthly report on finances. In short, our income remains strong, and our expenses are trending slightly below budget, making for a solid financial picture.

The main point of business for the month was a discussion of a projects list and budget brought forth by Jr. Warden Susan Seiler on behalf of the properties committee. We will be undertaking a number of maintenance projects over the summer, including much-needed repairs to the main entry doors, repairing a leak in the roof over the balcony, and various other items to refresh / maintain the property.

As always, there are formal minutes of our vestry meetings that are recorded by Linda Bracken, Clerk of the Parish. If you would like to see those minutes please contact the office.
